

ANDERSON MEDICAL GROUP
OF TEXAS
YOUR HEALTH. OUR CARE.

Howard E. Anderson, II, M.D.

DR. HOWARD E. ANDERSON, II is a 1988 graduate of South Oak Cliff H.S. Growing up, he noticed there weren't many primary care practices in his community. He knew two things—he wanted to become a doctor and he would make sure that people in his community had access to quality medical care. The Anderson Medical Group of Texas (AMG) was established to promote the health and well-being of patients in southern Dallas County. Dr. Anderson has practiced internal medicine for more than two decades. Board certified in Internal Medicine, he places a focus on preventive medicine as well as the management of chronic care conditions.

In addition to being an ordained minister, Dr. Anderson also serves as a board member of the Dallas Methodist Physician Network, University of North Texas at Dallas Foundation, and the High School for Health Professions at Yvonne A. Ewell Townview Magnet Center.

He has been named among the Best Doctors in Dallas in D Magazine from 2014 to 2021. Outside of medicine, he enjoys spending time with his wife, Erica, and their three children, Francesca, Howard III and William.

EDUCATION

B.A., Texas A&M University, College Station
M.D., University of Texas Health Science Center, Houston
Residency, Methodist Dallas Medical Center

About Anderson Medical Group of Texas:

AMG is committed to providing quality healthcare services for the community, to promote wellness within the community, and to relieve suffering and to restore health as swiftly, safely and humanely as possible for our patients. We will strive to provide the highest level of care for our patients and their families.

The AMG Impact:

Investment. We invest in our patients as well as in the community.

Innovation. Whenever possible, we use technology to improve patient care.

Inspiration. We want to inspire the future generation and encourage others to continue their interest and journey in healthcare.
